# THE BEST PARTNER TO ENHANCE YOUR OUTDOOR LIVING

For over 40 years, Valrose has redefined outdoor living across Florida with unmatched superior quality, technical expertise, and Florida-rated builds engineered to thrive in the Sunshine State's toughest conditions.

We don't just install structures—we craft elevated outdoor lifestyles. Every Valrose project is a seamless fusion of architectural precision, hurricane-rated resilience, and timeless design, ensuring your patio, pergola, or pool enclosure stands as a legacy of excellence for generations.

# WHY VALROSE?

- 40+ Years of Mastery – Proven leadership in Florida's outdoor construction landscape.
- Florida-Rated Engineering – Built to exceed state wind, impact, and flood codes—no compromises.
- Technical Expertise – In-house designers, structural engineers, and certified installers.
- Unrivaled Quality – Premium materials, flawless finishes, and obsessive attention to detail.
- 

Your vision. Our expertise. A lifetime outdoors.  
Partner with Valrose—where Florida's best homes come to life outside

## BUILT TO OUTLAST, CRAFTED TO OUTSHINE

40 years in business isn't a milestone—it's our unfair advantage. While others outsource and compromise, Valrose controls every inch of excellence from our state-of-the-art South Florida manufacturing facility.

- 100% In-House Fabrication — Every beam, panel, and component is precision-engineered under one roof in South Florida, ensuring zero delays, zero shortcuts, and zero surprises.
- Premium-Grade Materials — Marine-grade aluminum, impact-rated glass, and proprietary powder-coat finishes selected for Florida's harshest elements—salt, sun, and storms.
- Superior End Product — Flawless welds, seamless integration, and finishes that resist fade, corrosion, and wear for decades—not years.

No middlemen. No markups. No equals.

Valrose doesn't just build outdoor structures—we manufacture legacies.

# CABANAS COLLECTION

Escape to your own haven. Our cabanas can be tailored with panels, canvas, and color selections, creating a unique outdoor retreat that blends elegance with comfort.

# THE MONACO

A sleek and modern cabana that embodies the glamour of the Riviera. With its clean lines, balanced proportions, and minimalist elegance, The Monaco is designed for discerning spaces that demand sophistication without excess.

Perfect for poolside escapes or luxury resorts, it creates an atmosphere of exclusivity where shade and style meet seamlessly.

The Monaco Pavilion features a square 10'x10' structure crafted from high-grade aluminum profiles with a durable powder-coated brown finish. Its insulated roof panels provide superior thermal comfort and year-round protection, while the trellis wall system and flowing curtains add both privacy and architectural softness. Engineered for durability and elegance, the Monaco Pavilion combines modern performance with timeless resort-style appeal.

*Tailored spaces for  
outdoor living.*

**Shape:** Square  
**Size:** 10.0'x10.0'  
**Finish:** Brown  
**Roof:** Insulated Panel  
**Wall:** Trellis & Curtains

# SOLEIL PAVILION

An ode to elegance and effortless beauty, the Soleil Pavilion blends architectural structure with the softness of flowing drapery. Its design creates a romantic and inviting atmosphere, ideal for outdoor lounges, beach clubs, or private retreats.

Every detail - from the gentle sway of the fabric to the refined frame, evokes a sense of Mediterranean chic and timeless luxury.

The Soleil Pavilion is a 10'x10' square structure constructed from powder-coated aluminum in a refined white finish. The open trellis roof and wall panels create a light-filled atmosphere while maintaining structural integrity and shade. Designed for versatility, the Soleil Pavilion delivers a balance of minimalist design, durability, and natural airflow – ideal for both residential and hospitality environments.

*Your space, your  
signature.*

**Shape:** Square  
**Size:** 10.0' x 10.0'  
**Finish:** White  
**Roof:** Trellis  
**Wall:** Trellis

# CAPRI VERANDA

Inspired by the sophistication of Italian coastal living, the Capri Veranda offers the strength of an architectural statement with the comfort of a shaded sanctuary. Its solid roof and defined lines provide both shelter and elegance, making it a versatile choice for high-end hospitality venues or residential estates. A perfect balance of protection and design, the Capri Veranda transforms any space into an elevated outdoor living experience.

The Capri Veranda presents a 10'x10' square frame built from premium aluminum with a sleek black powder-coated finish. Its trellis roof and side panels offer subtle shade and visual rhythm, allowing sunlight to filter naturally through. With clean lines and weather-resistant materials, the Capri Veranda is an elegant addition to contemporary outdoor spaces, combining form and function with enduring sophistication.

***Modular elegance for  
every space.***

**Size:** 10.0' x 10.0'  
**Finish:** Black  
**Roof:** Trellis  
**Wall:** Trellis

# AURORA PAVILION

The pinnacle of luxury in outdoor design, the Aurora Pavilion is a true centerpiece. With its striking presence and refined detailing, it elevates every environment into a world of exclusivity and prestige.

Ideal for luxury resorts, boutique hotels, or private estates, the Aurora Pavilion is more than a cabana—it is a statement of architectural artistry and timeless sophistication.

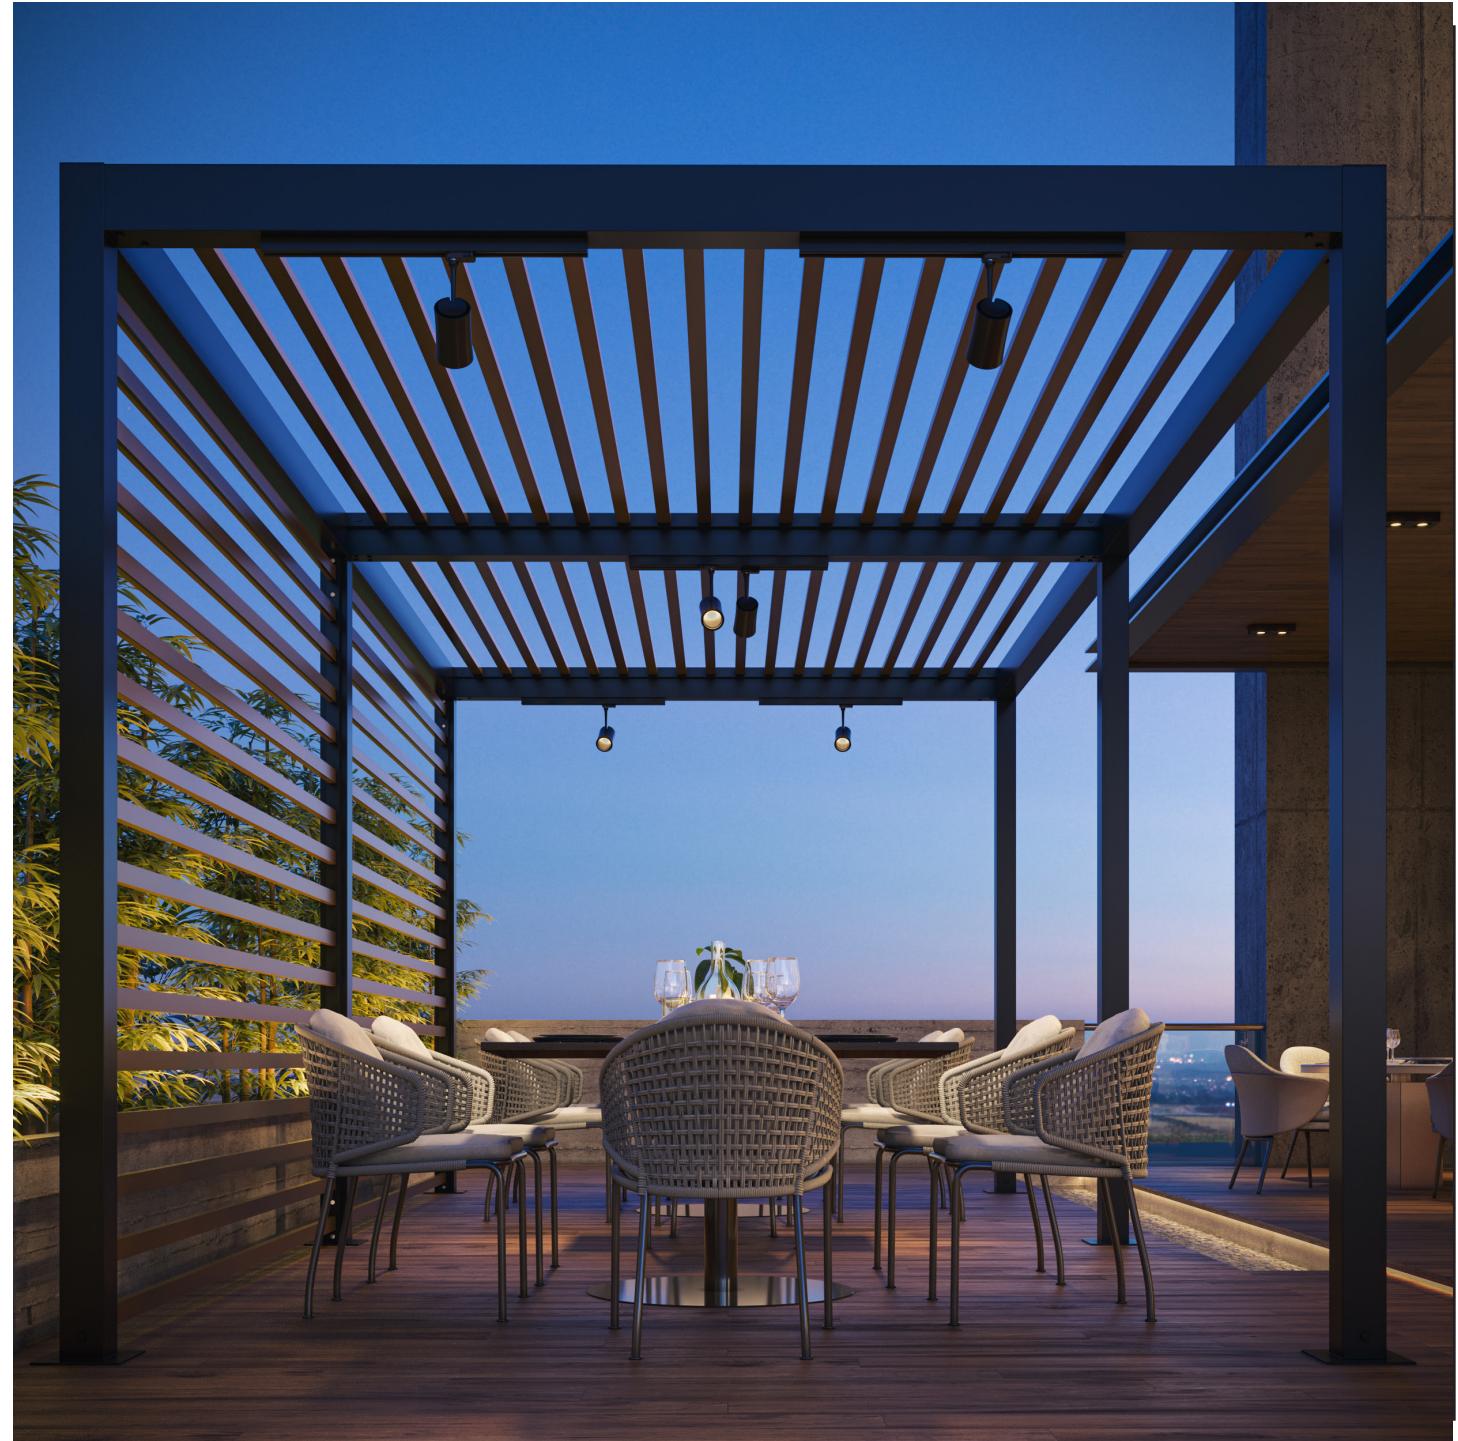

The Aurora Pavilion features a rectangular 10'x20' configuration designed for larger outdoor spaces. Made from powder-coated aluminum in a bold black finish, it includes a trellis roof and side panels that provide filtered light and shade. Its modular construction allows for seamless integration into architectural landscapes, offering durability, refined aesthetics, and low maintenance for luxury residential or commercial settings.

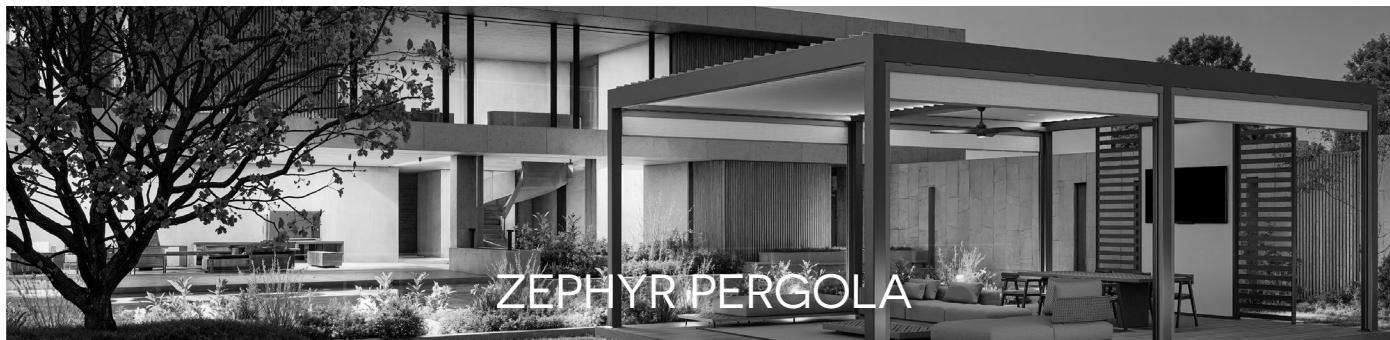

*Outdoor living,  
reimagined.*

**Shape:** Rectangle  
**Size:** 10.0' x 20.0'  
**Finish:** Black  
**Roof:** Trellis  
**Wall:** Trellis

# PERGOLAS COLLECTION

Our pergola collection merges architectural precision with refined design, offering customizable solutions that elevate outdoor living. From bioclimatic innovation to timeless elegance, each model transforms open spaces into luxurious extensions of comfort and style.

# SANTORINI PERGOLA

The Santorini Pergola redefines contemporary outdoor living with its luminous white structure and sleek modular design. Equipped with integrated lighting, ventilation, and power shade systems, it offers the perfect harmony of comfort and technology. Ideal for sophisticated residential terraces or luxury hospitality spaces, the Santorini Pergola embodies the serene elegance of the Mediterranean – bright, modern, and endlessly inviting.

The Santorini Pergola features a 20'x30' rectangular structure crafted from premium aluminum profiles with a high-quality white powder-coated finish. Its insulated roof panels include a refined wood-grain finish that enhances warmth and visual texture, while integrated power shades provide adjustable privacy and solar control. Engineered for year-round performance, the Santorini Pergola blends structural precision with Mediterranean elegance.

*Crafted for comfort,  
designed for distinction.*

**Shape:** Rectangle  
**Size:** 20.0' x 30.0'  
**Finish:** White  
**Roof:** Insulated panel + wood grain finish  
**Wall:** Power shade

# ONYX PERGOLA

Bold and architectural, the Onyx Pergola commands attention with its deep black finish and refined insulated panels. A distinctive upper detail crowns the structure, creating a striking play of light and shadow. Designed for high-end commercial and residential spaces, the Onyx Pergola blends modern engineering with sculptural sophistication, transforming any outdoor area into a statement of contemporary luxury.

The Onyx Pergola presents a 16'x20' rectangular configuration constructed from architectural-grade aluminum with a durable black powder-coated finish. Its insulated roof panels deliver superior protection from heat and weather, while the open design preserves natural light and spatial flow. Bold, minimal, and enduring – the Onyx Pergola is the ultimate expression of modern outdoor architecture.

*Designed to inspire.  
Built to endure.*

**Shape:** Rectangle  
**Size:** 16.0' x 20.0'  
**Finish:** Black  
**Roof:** Insulated panel

# SIENA PERGOLA

Warm and intimate, the Siena Pergola is crafted for spaces that celebrate privacy and tranquility. Its rich coffee-toned frame and horizontal privacy panels provide a refined sense of enclosure while maintaining visual elegance. Perfect for homes and boutique retreats, the Siena Pergola brings architectural balance and natural warmth — an understated sanctuary for refined outdoor living.

The Siena Pergola is a 10'x10' square structure designed for intimate outdoor settings. Built from powder-coated aluminum in a sleek black finish, it features insulated roof panels and horizontal privacy walls that create a sense of seclusion and refined comfort. Compact yet sophisticated, the Siena Pergola brings warmth, protection, and timeless balance to smaller architectural environments.

*Elevate your outdoor experience.*

**Shape:** Square  
**Size:** 10.0' x 10.0'  
**Finish:** Black  
**Roof:** Insulated panel  
**Wall:** Privacy wall

# ZEPHYR PERGOLA

An architectural masterpiece of movement and precision, the Zephyr Bioclimatic Pergola is fully constructed from premium aluminum profiles with adjustable louvers that rotate seamlessly from 0° to 150°. This dynamic system allows for full control of light, airflow, and protection, ensuring year-round comfort. When closed, it becomes completely sealed, offering total shade and waterproof performance. The Zephyr Pergola embodies technological innovation and timeless design – the ultimate expression of outdoor sophistication.

The Zephyr Pergola showcases a 20'x30' rectangular design fully constructed from high-strength aluminum with a premium black powder-coated finish. Its louvered roof system operates with a continuous or staged rotation from 0°, 50°, 100°, and 150°, allowing full control of sunlight, ventilation, and rain protection. When closed, the system becomes completely watertight, ensuring exceptional comfort and durability. The Zephyr Pergola represents the pinnacle of outdoor innovation and architectural precision.

*Crafted for moments  
that last.*

**Shape:** Rectangle  
**Size:** 20.0' x 30.0'  
**Finish:** Black  
**Roof:** Louvers

# CANOPIES COLLECTION

Our canopies combine architectural precision with functional elegance, offering customizable louvered systems and finishes that adapt seamlessly to any space. Each design redefines outdoor versatility, creating refined environments that invite comfort, light, and sophistication.

# AETHER CANOPY

Inspired by the essence of light and air, the Aether Canopy embodies architectural sophistication and functional versatility. Crafted entirely from premium aluminum with adjustable louvers, it adapts effortlessly to changing weather and lighting conditions, offering both shade and openness with seamless precision. Perfect for residential terraces or upscale commercial settings, the Aether Canopy transforms outdoor environments into refined, comfortable, and elegantly protected spaces — a timeless balance between innovation and design.

The Aether Canopy features a sleek rectangular configuration available in 40'x8' and 20'x8' modules. Constructed entirely from premium aluminum with a durable black powder-coated finish, it incorporates an adjustable louvered roof system for precise control of light and ventilation. Designed for both residential and commercial applications, the Aether Canopy combines minimalist aesthetics with advanced functionality, offering enduring performance and architectural refinement in any environment.

*Outdoor living,  
reimagined.*

**Shape:** Rectangle  
**Size:** 40.0' x 8.0' - 20.0x 8.0'  
**Finish:** Black  
**Roof:** Louver

# RAILING COLLECTION

The Railing Collection features a range of high-quality stainless steel and aluminum systems, including glass, cable, and top-mounted railings designed for durability, precision, and contemporary aesthetics.
